URGENT CALL FOR SEA TIME!

Please help our cadets complete the last mile of their training by providing sea time internships on your vessels.

Achieving Through Partnership

The work of the ACMF has been made possible by partners in the shipping industry. We invite the industry to partner with us to increase access to training across the shipping industry. We help you manage your corporate social responsibility investment in education, relieving you of due diligence checks, assessment and monitoring of outcomes, while providing the necessary oversight and reporting on the impact of your investment.

Our Academic Partners are ISO and IMO accredited.

Introducing ACMF Online Jobs Board

ACMF-CAREX

(www.acmf-carex.org) is a free maritime jobs platform exclusively for aspiring Caribbean maritime professionals residing in the region. It is accessible for free by employers in the shipping and logistics industry anywhere in the world.

Over 200 ACMF scholars and other Caribbean maritime graduates looking for positions are registered on the site. Employers may connect with them directly on the platform. We encourage candidates and employers to take advantage of this unique and easy to use platform.
